WWLR

With over 120 members, WWLR is one of the largest organizations on campus. Run entirely by students, WWLR operates on an assigned carrier frequency of 91.5 Mhz and transmits at 3,000 watts. The major supporting communities of Lyndonville, St. Johnsbury, and Littleton, along with the surrounding towns give the potential listening audience of 75,000 people. WWLR provides a wide variety of musical entertainment, news, weather, and sporting events. Emphasis is on teamwork and the development of skills in communication, as many members go on to careers in TV and radio.

STUDENT SENATE

The Student Senate consists of twenty-one students who are in charge of the Student Activities Fund which they use to fund clubs and organizations. Recently, the senate established a scholarship program which gives out \$2,000 to qualified students.

SWEEP

SWEEP (Students with Ecological and Environmental Priorities), a newly recognized club on campus, is concerned with bringing environmental awareness to our campus and the surrounding area.

RESCUE SQUAD

Lyndon State Rescue Squad has grown and improved since its start in 1972. The squad, at first, provided Basic Life Support for the college community but now provides the same support for nine surrounding towns. Rescue's purchasing of a new ambulance, the growing membership, and now, the ability to provide certain Advanced Life Support techniques are only a few of the improvements over the past year. Some of the techniques include the use of IV's and advanced CPR training.

I guess you could call this the dedication of the book. I hadn't thought of it really until recently and then it didn't take long for a name to pop into my mind. She is a professor that I have come to know well over the past few years. She has spent many hours in or out of class getting to know students and sharing her information and time. For this, I and many other students as well, would like to thank Marie LaPre'-Grabon for her continuous energy and support!

The yearbook staff would like to thank the parents of the seniors, participating businesses and the faculty, staff, and administration of the college for their support and contributions to the yearbook.

We would also like to apologize for not being able to include softball and baseball teams and events such as graduation and Winter Weekend due to our demanding deadlines in order for an early publication of the yearbook.
Good Luck Class of 1991!!!
